Science Day

On February 28, 2022, the NSS unit organized a discussion program on Raman effect theory to encourage volunteers for scientific activities. The program was well-attended by volunteers who were eager to learn about this important scientific discovery and the innovations of C.V. Raman, the Indian physicist who discovered it.

The discussion began with a brief overview of the Raman effect, which is the scattering of light by molecules in a way that changes the wavelength of the light. This phenomenon can be used to identify and study molecules, and it has many applications in chemistry, physics, and materials science.

The volunteers then learned about the many innovations of C.V. Raman, including his work on the Raman effect, his discovery of liquid crystals, and his development of new musical instruments. Raman was a brilliant and dedicated scientist who made significant contributions to our understanding of the world around us. The discussion was lively and engaging, and the volunteers were eager to ask questions and share their own ideas. They were particularly interested in the potential applications of the Raman effect in solving real-world problems.

Overall, the discussion program was a success in encouraging volunteers for scientific activities. The volunteers learned about the importance of the Raman effect and the many innovations of C.V. Raman. They were also inspired by Raman's dedication to science and his commitment to using science to solve real-world problems.

Seminar on Cyber Security

On April 5, 2022, the college organized a cyber-security seminar for volunteers to raise awareness of the various online threats and teach them how to protect themselves.

The seminar began with a brief overview of the different types of cyber threats, such as phishing scams, malware attacks, and social engineering attacks. The volunteers then learned about the specific steps they can take to protect themselves from these threats, such as:

- Using strong passwords and enabling multi-factor authentication
- Being careful about what information they share online
- Being wary of unsolicited offers or requests for money
- Avoiding fake online social sites and gambling prizes
- Not chatting with strangers online

The seminar also covered the following topics:

- How to spot and report cyber bullying, online harassment, and other forms of cybercrime
- How to use cyber security tools and software
- How to stay safe online when using public Wi-Fi networks

The volunteers were eager to ask questions and share their own experiences. They were particularly interested in learning about how to protect themselves from phishing scams and social engineering attacks.

Overall, the cyber security seminar was a success in educating volunteers about the importance of cyber security and how to stay safe online. The college hopes to organize more cyber security seminars in the future to help more people stay safe online.

विद्यार्थियों ने वनस्पतियों का किया अध्ययन

न्यूज सर्विस/नवज्योति, करौली। वीणा मैमोरियल पीजी कॉलेज के प्राचार्य डॉ. लक्ष्मण शर्मा ने बताया कि महाविद्यालय के वनस्पति शास्त्र के विद्यार्थियों ने सोमवार को वीटनिकल भ्रमण कर वनस्पतियों का अध्ययन किया। महाविद्यालय द्वारा आयोजित प्रशिक्षण दिवस में वनस्पति शास्त्र से संबंधित जानकारी प्राप्त की। छात्रों ने बताया कि यह शैक्षणिक भ्रमण कार्यक्रम जिले के कैलासी रोड स्थित वीणा मैमोरियल पीजी कॉलेज में आयोजित किया गया। कार्यक्रम में विद्यार्थियों को वनस्पतिशास्त्र से संबंधित पेड़-पौधों की प्रजातियों एवं उनके महत्व के बारे में जानकारी देने के उद्देश्य से हुआ। प्राचार्य ने बताया कि यह भ्रमण महाविद्यालय की वनस्पतिशास्त्र एवं प्राणीशास्त्र के पठनक्रम का प्रयोग करने का एक महत्वपूर्ण अवसर है।

वनस्पति प्रयोगशाला में बताया कि वीटनिकल में विभिन्न प्रकार की वनस्पतियों जैसे टेरिडोफाइट्स, जिम्नोसperms, एंगियोसperms, एंगियोसperms एवं टेरिडोफाइट्स पाए जाते हैं। छात्रों को बताया कि प्रजातियों में आम, खैर, अमर, अमर आदि को विभिन्न प्रकार की प्रजातियों विद्यमान है। भ्रमण के दौरान विद्यार्थियों को इन सभी प्रजातियों में अंतर करना सिखाया गया। छात्रों को प्रजातियों में भ्रमण

वृक्ष, शोभाकारी पौध, विभिन्न प्रजातियों की जड़, फल, बीजा, बीजाणु पर होने वाले रोग, वनस्पतिक धातु आदि के बारे में जानकारी दी। छात्रों को बताया कि प्रजातियों, संकलन पौध आदि का विद्यार्थियों ने वनस्पतिक रूप में प्रशिक्षण प्राप्त किया।

प्राचार्य ने बताया कि ऐसे शैक्षणिक एवं शैक्षणिक वीटनिकल भ्रमण विद्यार्थियों के ज्ञानवर्धन को बढ़ावा देने में अत्यंत लाभकारी होते हैं और समय-समय पर ऐसे शैक्षणिक भ्रमण से विद्यार्थियों में अध्ययन के प्रति रुचिकता बढ़ती है और छात्रों में शैक्षणिक रूप से विद्यार्थियों का वनस्पतिक प्रयोग करने के शैक्षणिक कार्यों में भी उत्साह प्राप्त होता है।

Educational Botanical Tour

On May 23, 2022, biology stream students participated in an educational botanical tour program to nurseries located at Kalladevi Road. The program was designed to help students learn to recognize and differentiate between different species of plants.

The tour began with a brief introduction to the different types of plants found in the nurseries. The students then learned about the various plant features that can be used to identify and differentiate between different species. They also learned about the importance of plant diversity and the role of nurseries in conservation.

The students were then divided into small groups and led on a tour of the nurseries. The tour guides helped the students to identify and learn about the different species of plants they saw. The students also had the opportunity to ask questions about the plants and the nursery industry.

At the end of the tour, the students gathered for a debriefing session. They shared their experiences and what they had learned. They also discussed the importance of plant conservation and how they could contribute to protecting the environment.

The educational botanical tour program was a success in achieving its objectives. The students learned to recognize and differentiate between different species of plants. They also learned about the importance of plant diversity and the role of nurseries in conservation. The program also helped to raise awareness of the need to protect the environment.

Benefits of Educational Botanical Tours

Educational botanical tours can provide a number of benefits to students, including:

- Increased knowledge and understanding of plants: Educational botanical tours can help students to learn about the different types of plants that exist, their characteristics, and their importance to the environment.
- Development of observation and identification skills: Educational botanical tours can help students to develop their observation and identification skills by teaching them to look for key features that can be used to identify different species of plants.
- Appreciation for plant diversity and conservation: Educational botanical tours can help students to appreciate the diversity of plants and the importance of conservation.
- Opportunity to learn in a hands-on environment: Educational botanical tours provide students with the opportunity to learn about plants in a hands-on environment, which can be more engaging and memorable than traditional classroom instruction.

Educational Tour- Mustard Research Center

On December 19, 2022, the biology department of the college organized an educational tour for its students to the Mustard Research Center in Sever, Bharatpur, and the Kevladev National Park.

At the Mustard Research Center, the students were welcomed by the scientists who gave them a tour of the facility and explained the different aspects of mustard research. The students learned about the different varieties of mustard, their cultivation practices, and the latest research techniques being used to improve mustard yields and quality. They also had the opportunity to interact with the scientists and ask them questions about their work.

After visiting the Mustard Research Center, the students headed to the Kevladev National Park. The park is a UNESCO World Heritage Site and is known for its diverse birdlife. The students were guided through the park by an experienced guide who taught them about the various rare and endangered species that call the park home. They saw a variety of water birds, including Siberian cranes, flamingos, and herons. They also spotted sambar, deer, nilgai, and other mammals.

Educational Tour Report

To develop the innovative ideas and increase research creativity among the students of science stream, we designed an educational tour for **"Nuclear Thermal Power Plant Rawatbhata Chittorgarh, Rajasthan", "Rana Pratap Sagar Dam" and "Seven Wonder's Park" Kota, Rajasthan**. The students of B. Sc. and B. Sc. - B. Ed. put a proposal of educational tour to the principal of college. Applications of the students were collected to take the permission for the tour. The principal of the college **Dr. Laxman Dhakad** gave permission to the educational tour. Later permission was granted by the management committee to organize this tour. **Dr. Rohiash kumar** was appointed as the tour in-charge with the other supporting staff members Mr. R. N. Singh, Mr. Yashwant Parashar, Dr. K. P. Yadav, Mr. Sanni Kumar, Mr. Neeraj Pathak, Ms. Praveen Mala Meena and one peon Mr. Rameshwer.

This educational tour was organized by V. M. P. G. College, Karauli on 24-25/02/2023 to visit well-known places, known as **"Nuclear Thermal Power Plant Rawatbhata Chittorgarh, Rajasthan", "Rana Pratap Sagar Dam" and "Seven Wonder's Park" Kota, Rajasthan**. This tour comprised students of Physics, Chemistry and Mathematics (Class- B.Sc. and B.Sc. B.Ed. Part- I, II, III). On that day, all the students gathered in the college campus at 7:00pm. The journey started at 8:00 pm by one bus.

An Educational Tour Report (Visit of Agriculture Centre) V. M. P. G. College, Karauli, (Rajasthan)

Place-Hindaun City, Karauli (Raj.)

Date- 04/05/2023

By- Miss Praveen Mala Meena

Asst. Prof. (Dept. of Botany)

(Incharge of the tour)

One day an educational visit to "Agriculture Centre" at Ekorasi, Hindaun City, Karauli (Rajasthan) was organized by V. M. P. G. College, Karauli (Rajasthan) on 04th May 2023 for the students of B.Sc. B.Ed. (Integrated), B.A. B.Ed. (Integrated), M.Sc. (Chemical Science).

The objectives of the educational visit to the agriculture centre were –

- To give an insight to students regarding the latest innovative ideas, new technologies and best practices available in the field of agriculture and allied sectors.
- To upgrade the knowledge of students regarding new and improved varieties of crops, sensor-based technology and knowledge about soil and water testing.
- To provide them with a single platform for interaction with farmers from different regions of the country as well as various scientists and agricultural experts.

The Educational Visit was observed under the guidance of Scientist **Dr R. K. Meena (Agriculture Extension Education)**, Scientist **Dr V.S. Meena (Animal Husbandry)**, **Dr Priyanshi Tripathi (Home Scientist)**, and Scientist **Dr M. K. Nayak (Agromate)** along with the supporting staff accompanied the students. The students had a very enriched experience as they were exposed to new and improved varieties of crops, fruits, vegetables, flowers and also different plant pathogens and harmful insects which greatly impairs the productivity of various crops. They were also introduced to agricultural machinery for spraying chemicals or pesticides to control plant diseases, insects, weeds and other pests which enhanced their knowledge regarding modern types of machinery.

Students got an insight into the concept of natural farming, Smart Farming Integrated Farming Systems and new technologies and practices for encouraging such type of farming. Natural Farming is a chemical-free, traditional farming method and is considered an Agro-ecology based diversified farming system which integrates crops, trees and livestock with functional biodiversity. It is the best farming method for environmental protection and human health and improves the quality of the land and the income of the farmers. Students were exposed to various types of biofertilizers, vermicompost and organic manures which can be used along with chemical fertilizers and thus, can reduce greater dependency on chemical fertilizers. At the same time, organic manures play an important role in improving soil quality and ultimately enhancing crop productivity.

Students also learned the methods of soil and water testing and how soil testing kits developed by Agri- innovators can help in determining on the spot available nutrients status in the soil. Students were also acquainted with the technique of cultivation, protected cultivation of fruits and vegetables, organic farming, and Sprinkle irrigation System. Students interacted with farmers and scientists.

Date- 19/12/2022

By- Ms. Praveen Mala Meena
Asst. Prof. (Dept. of Botany)
(Incharge of the tour)

The objectives of the tour are the following: To provide practical knowledge about the natural habitat of wild Animals, Birds, Reptiles, Plant species, etc. To know about economically important crops and to know about the complete process in the development of new varieties that how the researchers work for the quality and productivity of plants.

Students put the proposed educational tour while keeping focused on these objectives. Later permission was granted by the management committee to organize this tour. The committee decided to tour "**The Mustard Research Centre (ICAR- Directorate of Rapeseed Mustard Research)**", Sever, and "**Keoladeo National Park (Ghana Bird Sanctuary)**", Situated in Bharatpur, Rajasthan.

One day educational tour was organized by the V. M. P. G. College, Karauli on 19/12/2022 to visit well-known places, known as "**Mustard Research Centre**" and "**Keoladeo National Park (Bird Sanctuary)**", situated in Bharatpur, Rajasthan. This tour comprised students of Biology (Class- B.Sc. and B.Sc. B.Ed. Part- 1, 2, 3), accompanied by nine teaching staff (Science faculty) and some other staff members. On that day, all the students gathered in the college campus at 7.00 am. The journey started at 8.00 am by two buses.

The distance from the college to the destination place was about 115 KM. During the journey, breakfast was distributed among the students and the teaching staff. After a journey of 3 hours, we reached the location of "**Mustard Research Centre, Bharatpur**" at 11 am. After that, we all gathered inside the Research Centre and got tea for refreshments. Later, a lecture was arranged for the students by a **Scientist Dr. Prashant Singh Yadav**. The **Technical officer (Mr. Rakesh Goyal)** visited the research laboratory in the campus and students got a chance to see laboratories, crop fields, and a nursery.

Later that day, we moved to the **"Keoladeo National Park"** at 1.30 pm and in 15 minutes we were able to reach the location. Then students and all staff members got a lunch break.

Our faculty member, Dr. Rohitas Kumar (Asst. Prof., Dept. of Physics) collected tickets for all the students and teaching staff from the ticket counter to enter the **"Bird Sanctuary (Keoladeo National Park)"**. We all kept our bags and other things at the counters and after that, we went inside the Sanctuary. There were beautiful scenarios to see of different types of Birds, Plant species, Reptiles, and Animals like Nilgai, Cheetal, Indian Porcupine, Jungle cat, Fishing cat, Jackals, Striped Hyena, Civet, Indian Grey Mangos, etc. Along with these, Siberian Crane, Oriental Magpie- Robin, Herons, Storks, Cormorants, Tufted Duck, Gadwall, Knob-Billed Duck, Bar Headed Goose, Indian Shag, Great white Pelican, Spotted Billed Pelican, etc. Birds were there and we were given adequate knowledge by our guide.
